Do you feel more excited and busy as you reach the end of a year?

There is so much happening in October, November and December that it is easy for me to get sidetracked by tasks and forget to enjoy each moment. I'm trying to not let that happen this year.

I'm really looking forward to the October ANEW Annual Meeting. The committee has worked hard to plan a fun and activity-filled party that is also packed with important ANEW business. We will vote in our new board of directors and officers, learn who is ANEW's Woman of Action and celebrate

dad was a very successful financial advisor. I had my first financial advisor at age 21 and it made all the difference in my life (ask me how). It wasn't until one day my mom said to me: "You should be a financial advisor. You're like your dad and I think you would enjoy it." Just another instance where my mom was right. That conversation led me to seek out a position with Edward Jones and move back to my hometown, Newburgh/Evansville and here I am 3 years later.

**What part of your job is most satisfying?** Helping people achieve their personalized financial goals. It makes my day, every day!

**When I was little I wanted to be a teacher when I grew up.**

**What is one thing you would change if you could?**

If I could change anything, I would guarantee that every child was born into/part of a loving, supportive and accepting home. I literally think this could change the world.

**What does ANEW mean to you?**

The opportunity to interact with community-minded, professional women.
