Letter from the President

Happy New Year! I hope everyone
had a fantastic holiday season. I am
beyond excited to be President of
ANEW this year! I have been a
member of ANEW since 2010 and
this is my 6th year as a board
member.

I remember my first several meetings (ok, the first
year), being glued to my sponsor's side and being
afraid to talk to anyone (I know some may find that
hard to believe!). Looking back, it's hard to believe I
felt that way, but I did. We are a group of very smart,
influential women, and that can be intimidating to new
members or guests. I ask our current members to be
sure and reach out to our new members, make them
feel welcome, introduce yourself, and include them in
conversations. For our new members, have the
confidence to speak to members you don't know, join
conversations and exchange business cards. This is
what we are all here for. Try to get to know as many
new people as you can at each monthly meeting.

The best way for me to get to know members was
to join a committee. We have great committees that
are working hard to have fantastic year of speakers
and events. Being a member of ANEW has helped
me grow as a person, by getting me out of my
comfort zone...which is sometimes exactly what we
need...to be pushed to do something a little more
challenging. This year, I challenge you to put yourself
out there, get out of your comfort zone. You may be
surprised what you can accomplish.

I'm looking forward to ANEW in 2019, I hope you
are as well! I wish you a happy, healthy new year.

Sincerely,

Angie Hargett
ANEW President 2019

up with her because she has always been involved in so many activities and organizations.

2. When she was in high school, she was involved in musicals, concert choir, and select singing groups.

3. When she was in college, she was already married. She went back as a non-traditional student, so her life as a college student was different than most.

4. At her wedding, she spent most of the ceremony on the kneeling bench holding up her husband. He kept fainting, so he says. Thirty-five years later, he doesn't believe they were ever truly married because he doesn't remember the ceremony.

5. She would love to vacation to New Zealand and Australia sight seeing and enjoying their beautiful beaches and water.
